

## Office of Recovery

### Office of Recovery Update: 9/28/20 - 10/2/20

#### Remote Learning Grants available now

The Round 3 investment programs approved by the SPARK taskforce and the State Finance Council have made good progress this week.

The Children's Cabinet is now requesting proposals from eligible programs to address the current need for alternative care and education for families adversely impacted by remote learning situations. These funds are designed to ensure that school-age children are in safe, secure settings, and that they receive quality supervision and learning supports when schools are in hybrid or remote learning modes.

To apply for a Remote Learning Grant, please visit <https://kschildrencabinet.org/grants/>

---

#### Round 3 programs available later this month

Stay tuned for announcements later this month for the Housing Stability and COVID-19 testing programs approved in Round 3 by SPARK and State Finance Council.

---

**Reminder: County Reports due next Wednesday, October 7.**

---

#### Resources available to you:

We recognize it can be difficult to keep track of all the grant programs available to Kansans. Please visit <https://covid.ks.gov/grant-applications/> to see what programs are currently accepting applications.

---

Thank you for your interest in our State's recovery efforts.

**Julie L. Lorenz**

Executive Director

Office of Recovery, Kansas Governor Laura Kelly
